I'm **Zeeshan Arshad** having a B.Sc. (Honors.) degree in Computing from **Staffordshire University**, United Kingdom. I started the carrier as a Web Developer at **Jelly Fish Designs** and starting from basics I moved forward to become a Team Lead at **Uraan Software Solutions** and then eventually paved the way to become a Project Manager at **Arab Capital Markets Resource Center**. I've a passion for programming no matter what designation I'm in. I take it as a challenge to lead the most difficult tough tasks and thus quench the thirst of knowledge with action.

I live with the motto  
**learn. apply. succeed.**
